DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 31 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 31 recites the limitation "claim 30" in line 1. There is insufficient antecedent basis for this limitation in the claim. Claim 30 has been canceled.

Allowable Subject Matter

3. Claims 29, 32 and 41-48 are allowed.

The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case is the inclusion of the limitation that the folders and views section, task title display and selection area, summary task creation button and detailed task creation button visually appear together in an undivided display area within the playbook summary view and the enabling of communication between team members of a team and the playbook database via a server coupled to the playbook database and an intranet coupled to the server and the team members, and where the team members are responsible for designing and implementing the general procurement and accounts payable system included in the

independent claim 29, in combination with the other elements recited, which is not found in the prior art of record.

Conclusion

4. This application is in condition for allowance except for the following formal matters:

Dependency of claim 31.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
